

NMIS 8.5.12G and new Virtual Appliance releases

NMIS 8.5.12G was released today, as well as a completely updated version of the Opmantek Virtual Appliance. Both are ready for [download here](#).

Have a look at the [NMIS release notes](#) for an overview of the changes; [upgrading to version 8.5.12G](#) is very simple.

The updates to the Virtual Appliance are [described here](#).
