

Errata - 3.2.2 Manufacturers of SNMP Devices not set

There is a bug in the matching of a manufacturer to their SNMP Enterprise ID.

To fix this without waiting for the next release, edit the file

Linux -

```
/usr/local/open-audit/code_igniter/application/helpers/snmp_oid_helper.php
```

Windows -

```
c:\xampp\open-audit\application\helpers\snmp_oid_helper.php
```

Change line 54072 from:

```
return ($new->manufacturer);
```

to

```
return ($manufacturer);
```

Apologies for the inconvenience.
