

Windows - pre-requisites

Open-AuditT should be installed on 64bit Windows **Server** systems only. Windows 10 is not supported.

We ship all required dependencies using the XAMPP package other than NMAP itself and the Microsoft Visual C runtime.

Please install NMAP from <https://nmap.org/download.html>

More information about Open-AuditT and Nmap is available here - [Open-AuditT and Nmap](#).

Please install the latest Visual C runtime from <https://support.microsoft.com/en-us/topic/the-latest-supported-visual-c-downloads-2647da03-1eea-4433-9aff-95f26a218cc0>
